

REMARKS

The above amendments to the claims have been made to correct informalities unrelated to patentability. In claim 1, each reference to “a groove” in the third clause has been amended to more clearly comport with the “at least one groove” introduced in the second clause. Similarly, claim 2 has been amended to add a missing conjunction and to correct a grammatical error in verb tense. No new matter has been added.

Accordingly, favorable consideration and entry of the above amendments is respectfully requested.

Respectfully submitted,

Date: 6/24/08
